Before the Show

During the Fringe, you wait outside the venue until your show is announced. This is also where our Front of House is located.

You may need to visit our Front of House if you want to:

- Indicate that you require priority seating
- Indicate that you require alternative seating
- Indicate that you require accessible seatings
- Pick up an assisted listening device

Our Front of House will be located to the left of the stairs at the main entrance on the patch of grass.

You will wait in the ticket holders' line. Ticket holders will line up at the steps and the line will move down the walkway, north towards Harbord St.

Fringe staff wear black or white t-shirts and volunteers wear purple t-shirts and would be happy to help you!

Entering the Building

A Front of House person will audibly announce, as well as hold up a sign, for priority seating for anyone requiring extra time. This includes patrons using accessible or alternative seating. If that's you, then you will enter.

A Front of House person will then make a general entrance announcement and hold up a sign for everyone to enter the theatre a few minutes later. If you haven't already gone in, then it's time.

Lobby

When you enter the doors, the lobby will be to your right. This is what the lobby looks like:

During a Relaxed Performance

If you are coming for a relaxed performance, there will be a short introduction before the show starts. Someone from the company will let you know a little about the show, characters, and if there is anything that may be surprising during the performance. You can also expect reduced sound and lighting effects. The house lights will be on at a low level so that you can enter and exit safely at any time. Audience members are free to sit or stand, make noise as they need to, or use fidgets as needed. We want you to be comfortable.

Quiet Zone

If you need to leave the theatre during the show for any reason, you are welcome to sit in the quiet zone, which is located just outside of the theatre in the lobby. You may still hear some of the sounds from the show while you are in the quiet zone, but it will be quieter than inside the theatre space and we will have staff and volunteers doing their best to keep this space quiet. Fidget toys will be available prior to the show and in the quiet space.

The washrooms are located in the basement and can be accessed by stairs or elevator. When you enter through the main Fringe entrance, the stairs will be straight ahead.

The stairs will lead you to a hallway. Down the hallway on the right are three washrooms. Male, Female and Accessible. This is the hallway.
